THE FOUNDATION

Donna Reed had a great respect for education and a personal understanding of what it means to follow one's dream. The Donna Reed Foundation for the Performing Arts was created in memory of Donna Reed to honor her accomplishments and keep her dream alive by recognizing, encouraging, and supporting talented individuals who desire to pursue an education and a career in the performing arts.

Toward this purpose, the Foundation has saved and is restoring the 1914 opera house in Denison where Donna first fell in love with the arts and motion pictures. This facility, now the Donna Reed Center for the Performing Arts, is becoming a nationally recognized center for the performing arts in the heart of rural America.

The Foundation offers an outstanding one-week educational program incorporating the talents and expertise of some of the leading professionals in the entertainment industry. Students of all ages from across the country travel to Iowa to participate in this program.

The Foundation also sponsors national and regional scholarships in the performing arts, attracting some of the finest young talent in the United States.

Our goal for the future is to become an educational center providing unique classes and workshops year round in the Donna Reed Center. When completed, the Center will also house the Foundation offices, the Donna Reed Museum, and Denison's Visitor Center. This facility will become an outstanding resource to aspiring artists.

All of this costs money. We hope you will consider becoming a member of the Foundation at this time. Your annual membership will insure our efforts to keep Donna's dream alive in the future. In return, by newsletter, we promise to keep you informed of the accomplishments of the Foundation on a regular basis.

Your donation is tax deductible to the extent allowed by law.
